

John Sabo, CISSP
Manager, Security, Privacy and Trust Initiatives
Computer Associates

John Sabo is Manager, Security, Privacy and Trust Initiatives, for Computer Associates.

Mr. Sabo is a member of the NIST Information Security and Privacy Advisory Board (ISPAB). He represents Computer Associates as President of the International Security, Trust, and Privacy Alliance (ISTPA); board member of the Information Technology-Information Sharing and Analysis Center (IT-ISAC); Chair of the IT-ISAC Policy Committee; co-Chair of the PKI Technical Committee, OASIS; and member of the OASIS PKI Members Section Steering Committee. He also serves as Secretary of ISAC Council. Mr. Sabo had been a member of the Board of the PKI Forum and chaired the Forum's Policy and Privacy Working Group, where he co-authored a White Paper on PKI Policy, published in 2001.

Prior to his work in the private sector, Mr. Sabo was Director of the Social Security Administration's Electronic Services Staff and recognized as a government leader in the development of e-government services. He founded SSA Online, Social Security's Web service. While at SSA, Mr. Sabo was the Agency's representative to the Federal PKI Steering Committee. He also served as co-chair of the Government Council, a committee of the National Automated Clearing House Association's Internet Council, and as co-chair of the Internet Council's Certification Authority Rating and Trust Task Force, which published the "CARAT Guidelines" on PKI policy issues.

Mr. Sabo holds degrees from King's College (Pennsylvania) and the University of Notre Dame. He has received a number of government and industry leadership awards and has published and speaks extensively on security, privacy and trust in the e-business and e-government contexts. Mr. Sabo holds the Certified Information Systems Security Professional (CISSP) designation.
